1 Wood Green pet advice challenge

Is your grown-up a pet expert or a pet beginner? Find out using our pet advice pages. Type a pet question in our pet advice pages here **woodgreen.org.uk/pet-advice.** Ask your grown up their answer and then read our answer pages to find out if they were right. Some great questions to ask might include how many rabbits should I keep or what to feed mice.

2 Weighing out pet food

Can you read the manufacturer's feeding guidelines on your pet's dry food packet and weigh out a portion for one day using scales? How does it compare to your pet's normal amount? If it's the same, well done! If not, consider making a few adjustments for a healthy and happy pet!

3 Work out pet ages in human years

If you have a cat or dog at home, try working out their age in human years.

Dogs: **www.vets4pets.com/pet-health-advice/dog-advice/senior-dog-advice/how-old-is-my-dog-in-human-years/**

4 My purrfect day

Can you write a story about your pet's perfect day? What would they do? Where would they go? Would they get up to mischief? If you don't have a pet, you could write a story for an imaginary pet or choose from one of our animals looking for a home on our rehoming pages.

5 Nibbles' Needs

Watch our five fun rabbit animations starring Nibbles, linked here; **woodgreen.org.uk/educational-resources/rabbit-welfare-videos**

Can you write down one fun fact from each animation and turn them into a poster all about healthy and happy rabbits? We'd love to see pictures of your rabbit posters!

6 Know your Poodle from your Pomeranian?

Love dogs? Write down your top five favourite dog breeds – can you guess what they were originally bred to do? All dog breeds have a purpose or job for the dog to do, knowing what this is can really help keep a pet dog happy by making sure these needs are met. The UK Kennel Club is a good starting point for information.
